2009 - Volume 5

A publication of the Cystic Fibrosis Foundation's Alaska Chapter

Thank you!

We have each of you to thank for another incredible year for Great Strides! With the help of over 300 walk teams in Alaska and Washington, over 2,500 walkers and 11 dedicated event committees, you raised nearly \$1 million! We are so appreciative of every team leader, walker, donor, sponsor and committee member who made this year's success possible. We hope each individual, family, organization and company that came out to the walk enjoyed the experience and felt that they were a part of something huge!

Together, with other CF chapters across the country, we raised over \$32 million for CF research and care - yet another phenomenal achievement! Congratulations to all of our **event chairs** and **walk committees** on a job well done. Thank you for all of your hard work and commitment to finding a cure for cystic fibrosis!

Congratulations to Shelby's Angels

Shelby's Angels raised \$8,245 - making them our top fund-raising team in Alaska! Led by Team Leader **Janet Palmer**, the team held several innovative fund-raisers throughout the year, including a bowl-a-thon with Taylored Restoration. Team leader and Anchorage Walk Chair, Janet Palmer, was also successful in recruiting several new sponsors from local companies. We are grateful to Shelby's Angels for their continued enthusiasm and commitment to GREAT STRIDES!
