Because of risks to people with cystic fibrosis (CF), individuals with a confirmed positive sputum culture for *Burkholderia cepacia* complex **shall not attend** this event. This is because *B. cepacia* can be passed between individuals who have CF through close proximity. *B. cepacia* infection in a person with CF can cause serious respiratory illness and, in some patients, may lead to death. Despite this policy, there might still be some individuals with *B. cepacia* in attendance. *B. cepacia* is not a risk for otherwise healthy individuals. For alternative ways to participate and for information about this policy, please contact the CF Foundation at **(800) FIGHT-CF** or visit our Web site at **www.cff.org**. Consult your CF care center physician with medical questions.
