

June 4, 2009

Dear Fellow Cyclist,

Thank you for joining us for the 7<sup>th</sup> annual Ride for 65 Roses! You will be a significant part of the success of this year's ride as we pedal our way to raising our 2009 goal amount of \$150,000 for the Cystic Fibrosis Foundation (CFF). Thank you for joining the fight against CF!

The symptoms of CF vary from person to person. Some of the more common symptoms include: persistent coughing; frequent pneumonia; very salty-tasting skin; wheezing and/or shortness of breath, and failure to gain weight, among others.

I have two boys with cystic fibrosis (Jack & Jason) and they fight this deadly disease every day of their lives. The boys take multiple pills before every meal to help them absorb nutrients from food; they also use a nebulizer daily to take medications to help clear their lungs. The boys are 7 and 5 now and my wife and I hope they will live long full lives, but we need your help. This event and many others throughout the year go a long way to help raise monies that go directly to CF research.

In the past 6 years, the Ride for 65 Roses has raised half a million dollars! Our goal over the lifetime of the ride is to raise an accumulated total of \$1million dollars for cystic fibrosis research – we're halfway there!

We cannot do this without you. Jack, Jason and all the other people with CF need your help to find a cure so that they can live normal, healthy lives. I encourage you to visit the Cystic Fibrosis Foundation's web site at [www.cff.org](http://www.cff.org) for more information about this disease and for tips on how you can raise funds to help fight cystic fibrosis.

As a CF dad, and on behalf of the other CF parents and people fighting CF, thank you again for participating in this year's Ride for 65 Roses. Working together, we can make CF stand for Cure Found!

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark Stoutenberg'.

Mark Stoutenberg  
Committee Chairman  
2009 Ride for 65 Roses
