- Year-round** *Curefinders Youth Leadership Board* - The Cystic Fibrosis Foundation has established the Youth Leadership Board, a unique opportunity for select students to participate in the development of a dynamic, youth-driven community outreach program. We are seeking additional students that are going to be in 6th-12th grade. The Youth Leadership Board provides students with a unique opportunity to learn leadership skills, gain fundraising experience and become involved in the planning and execution of events. It also is an excellent resume builder for those college applications. If you have a student you would like to recommend for a position on the Board please contact Sue Collins at scollins@cff.org.
- Year-round** *Young Professional Leadership Committee (YPLC)* – The Cystic Fibrosis Foundation's YPLC is a great opportunity for our communities up and coming leaders and professionals to step up and make a difference in the fight against CF. Individuals with a desire to use their knowledge and talents to plan fundraising events and to network with others in the community are encouraged to become a member of the committee. For more information please contact Sandy Wilton at swilton@cff.org.
