Giving 60 Seconds to Cystic Fibrosis

Give Time. Give Life.

Time is precious. No one knows that more than people suffering with cystic fibrosis. That's why the following information should take less than 60 seconds to read.

What is cystic fibrosis?

A painful, life-shortening disease that affects the lungs and the digestive systems of over 30,000 children and adults in the U.S. alone.

What's being done?

The Cystic Fibrosis Foundation has been battling this disease for over 50 years. This dedication has successfully doubled the survival age in the last 20 years from 18 to 37.

But it's not enough.

We constantly fund research dedicated to the management and cure of cystic fibrosis, while providing state-of-the-art care to not only improve lives but give them more time.

Why we need your help:

Imagine not living long enough to see your children grow up.

Time is not on our side.

We need research, donations, volunteers and most of all—your time.

Your time creates MORE time:

Unfortunately, this isn't a glamorous disease. Our heroes are people and organizations just like you. Nearly ninety percent of every dollar of revenue raised is available for investment in vital cystic fibrosis programs to support research, care and educational programs. That's why the Cystic Fibrosis Foundation is a Better Business Bureau accredited charity.

Get back more than you give:

Partnership with The Cystic Fibrosis Foundation shows customers and patrons how much you care. Inviting your employees to participate can bring unity and teamwork to your organization.

It only took 60 seconds to learn about cystic fibrosis.

It takes even less time to learn how you can help.

History of the Tournament: In 1988, with the help of friends and baseball legend Ted Williams, Gary Ellis founded the now famous Redbone Celebrity Tournament Series to help the Cystic Fibrosis Foundation fund research needed to find a cure for cystic fibrosis (CF). Rich Products Corporation Golden Isles Red*Trout Celebrity Classic is a two-day catch and release tournament for redfish and trout in the shallow waters off the coast of St. Simons Island in Georgia. Teams are made up of an angler and celebrity or two anglers, guided as a team by local professional fishing captains. The event also features a two social events on Thursday and Saturday evenings. Not only do the tournament participants enjoy good food, fishing and fun – they are a part of the camaraderie and competition of the special "fraternity" of anglers, guides, and celebrities who are helping to "Catch the Cure" for cystic fibrosis.
