

## Corporate Honoree

Each of our galas honor a company or individual that have made great contributions to either the CF Foundation itself, or the local community as a whole.

An honoree is a local individual or company who has clout, influence, and visibility, and is willing to support a Cystic Fibrosis Foundation event. An effective honoree will yield corporate, and or community support, provide access to his/her business associates, vendors and personal contacts, and have a vested interest in the success of the particular event. Each honoree is asked to "give or get" a monetary value specific to each event.

An honoree does not need to have a prior or personal connection with CF. Instead an honoree is an industry or community leader who can bring attention, and raise funds for CF. Remember, our mission can be compelling to even those personally untouched by CF.

The following events are still in need of an honoree. The honoree's monetary responsibility for that event is listed in bold. If you know of an individual or company that fits the above criteria, please contact the event director.
