EXCELLENCE * TEAMWORK * RESULTS * PASSION

The Cystic Fibrosis Foundation is the world's leader in the search for a cure for cystic fibrosis. We fund more CF research than any other organization, and nearly every CF drug available today was made possible because of Foundation support.

We are a nonprofit donor-supported organization dedicated to attacking cystic fibrosis from every angle. Our focus is to support the development of new drugs to fight the disease, improve the quality of life for those with CF, and ultimately to find a cure!

Until we end this disease, our team will work tirelessly to extend and enhance life for those with cystic fibrosis by functioning as fundraisers. In 2012 the Indiana Chapter is charged with raising over 1.3 million dollars needed to support the fight against CF. We are proud to be Your Indiana Chapter, there is much work to be done, and we're dedicated to doing it.

The Cystic Fibrosis Foundation Is...Hope in Action

HOPE * OPTIMISM * COMMITMENT * CURE
