To register: cff.org/VirtualEvents
VIRTUAL EVENTS

Building a Virtual CF Community

Designed by adults with cystic fibrosis, their family members, clinicians, researchers and more, virtual events provide the opportunity to connect, share, and learn through open and honest keynotes, panels, workshops, group chats and small group video breakouts on topics that are unique to people living with CF, and their family members. Whether your goal is to meet others with shared experiences or to learn more about a topic, there is a virtual event for you.

Topics at events include:

- Aging with CF
- Family Planning
- Emotional and mental health
- The relationship between you & your caregiver
- Living a fulfilled life with advanced lung disease
- Life on CFTR modulators
- Navigating intimate relationships
- Career paths, workplace rights and job security
- CF and body image
- Parenting a child with CF
- Hospitalizations disrupting family life
- School and CF
- Late diagnosis
- Siblings and CF
- Life with a nonsense or other rare mutation
- CFTR science and research
- Research on the horizon
- Lung transplantation

Opportunities

- **RESEARCHCON**
  Multi-hour virtual event on CFTR science and research for people with CF and family

- **CF FAMILYCON**
  Multi-hour virtual event for people with CF, family and friends

- **BREATHECON**
  Two-day annual virtual event for adults with CF only

- **CF MINICON: TRANSPLANT**
  Multi-hour virtual event on transplantation for people with CF and members of support systems
