65ROSES CLIMB AT THE ROSE BOWL CYSTIC FIBROSIS FOUNDATION

Join us as we celebrate 10 amazing years of huffing and puffing to fight cystic fibrosis! The 65 Roses Climb at the iconic Rose Bowl stadium is an exhilarating spin and stair-climbing event! Help us add tomorrows for people with cystic fibrosis by climbing, spinning, or both. All participants will celebrate at the survivors party with delicious food and great entertainment. Team up with your friends, family, and co-workers and help make CF stand for Cure Found!

Important Note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection. Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times
