## GREAT STRIDES

### GREAT STRIDES CYSTIC FIBROSIS FOUNDATION

Great Strides is the CF Foundation's largest fundraising event. It provides opportunities for all people within a local community to get involved forming teams with friends, family and colleagues. Walk day is a fun celebration that includes a healthy walk and festivities that participants look forward to year after year.

For more information visit: [greatstrides.cff.org](http://greatstrides.cff.org)

4/28/18 - Inland Empire

## ENDURANCE EVENTS

Join us for the 5th annual Xtreme Hike. Enjoy accommodations for 3 days/2 nights, a pre-hike pasta party and post-hike dinner as you hike some of the most scenic trails to raise funds and awareness for cystic fibrosis.

For more information visit: <http://fightcf.cff.org/ocxtremehike>

9/7/18 - 9/9/18

Xtreme Hike @ Inyo National Forest, Mammoth Lakes

CF Cycle for Life is the CF Foundation's premiere cycling event. The ride takes participants through some of the most scenic terrain in Southern California and features well-stocked rest stops every 10-12 miles, bike mechanics along the route, support vehicles, great food, entertainment and more.

For more information visit: <http://sca.cff.org/cycle>

10/6/18

Cycle for Life @ Ocean Institute, Dana Point

Hike the Halo is an exhilarating stair-climb event with a course that boasts over 2,000 steps and integrates supplemental Cross Fit obstacles designed to challenge our elite athletes. Bring the entire family to enjoy our Vendor Village and on-the-field games and activities.

For more information visit: <http://sca.cff.org/climb>

12/8/18

Hike the Halo @ Angels Stadium, Anaheim

**Important Note on Attendance at Foundation Events:** To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection. Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times

# SPECIAL EVENTS
