INDIVIDUAL GIVING

Annual Fund

Members of the [Partners In Progress Annual Fund](#) provide vital, unrestricted resources needed to carry out our lifesaving mission. Donations help advance new treatments and pursue every opportunity for promising research that can lead us to a cure. Donations of all sizes are greatly appreciated. Members can also contribute at the defined levels of their choice: **Champion (\$5,000+)**, **Patron (\$2,500)**, **Guardian (\$1,500)**, **Contributor (\$500)**, **Friend (\$250)**, **Member (\$100)**. Please contact Terry Waite at twait@cff.org for info.

Make a Major or Legacy Gift

Within our portfolio of giving opportunities, the CFF relies on major gifts and Legacy gifts from individuals and family foundations. You can participate by giving an outright gift of \$10,000 or more in stock or cash in any calendar year, or by making a pledge to be paid over three to five years. The Foundation is dedicated to working with donors who are considering a Legacy gift or who already have made plans to leave a gift in their will, trust or by beneficiary designation. Please contact Pam Spitzer at pspitzer@cff.org for info.

Tomorrow's Leaders Council

Be an Advocate
Be a Volunteer
Be a Supporter

Who we are: Our Tomorrow's Leaders Council (TLC) consists of dedicated and energetic young professionals who are committed to supporting the mission of the Cystic Fibrosis Foundation.

What we do: Throughout the year, the TLC will have events and other engagement opportunities to help support the mission of the CFF. The extent of your involvement is up to you. TLC members can attend all or some of the events or programs. Members can also take a leadership role within the group, helping to plan and coordinate events and networking opportunities.

For further information: Contact Kristin Starke at kstarke@cff.org

Important Note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection.

Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times.
