ENDURANCE EVENTS

CF RUN FOR A CURE CYSTIC FIBROSIS FOUNDATION

October 20, 2018

Real progress toward a cure has been made, but the lives of young people are still cut far too short. Won't you join us in continuing the search for a cure? Accept the challenge today and help add tomorrows to the lives of those living with cystic fibrosis by registering to run or making a donation to one of our dedicated team members! You can choose your challenge by participating in the marathon, half marathon, 5K, relay, or take on the BaltiMORON-a-Thon. We'll provide an experienced running coach and more!

Important Note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection. Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times
