

For the approximately 30,000 people affected by CF in the US, timely treatment can improve quality of life. Barriers to care such as high drug costs and poor response time from insurers for prior authorization requests can delay patient treatment.

How can the Cystic Fibrosis Foundation help?

CoverMyMeds and the CF Foundation's Patient Assistance Resource Center are partnering to provide guidance to CF care centers to support and refine the use of an electronic prior authorization tool to expedite the submission of CF-related prior authorization requests to health insurance plans and pharmacy benefit managers.

The tool includes prior authorization forms and insurance authorization criteria for CF-specific therapies, and helps ensure patient access to much-needed medications.

What Is CoverMyMeds?

CoverMyMeds is a tool that automates prior authorizations, helps medical offices and pharmacies submit prior authorizations and other coverage determination forms for any drug and nearly all plans.

Interested in signing up?

- Create a free CoverMyMeds account online at www.covermymeds.com.
- Visit the Patient Assistance Resource Library at www.cff.org/AssistanceResources/Library for instructions on how to submit your first prior authorization request.
- Contact the Patient Assistance Resource Center at **1-888-315-4154** to ask general questions, set up training, if you need assistance in finding a plan or form or if you have questions about how to integrate CoverMyMeds into your center.

The CF Foundation's Patient Assistance Resource Center may be contacted at **1-888-315-4154** Monday to Friday 8:30 a.m. – 5:30 p.m. ET or e-mail parc@cff.org.

CoverMyMeds may also be contacted at **1-866-452-5017** Monday to Friday 8:00 a.m. – 11:00 p.m. ET and Saturday 8:00 a.m. to 3:00 p.m. ET.
