

Milestones II

The Milestones Club

ABOUT THE CLUB

The Milestones Club aims to broaden support for *Milestones II: Accelerating the Search for a Cure* by enlisting generous donors who can make commitments at the \$50,000, \$100,000 and \$250,000 levels, payable over a period of up to five years.

Volunteers across the nation are joining this extraordinary effort, unified by one goal: to find a cure for cystic fibrosis. Willing to expand their current leadership roles as Cystic Fibrosis Foundation fundraisers, Milestones Club members are digging deep and recruiting family, friends and business associates to contribute to this mission to save lives.

With the support of Milestones Club members, the CF Foundation remains on track to reach its \$75 million goal to ensure that critical advances in CF science are achieved as swiftly as possible.

BECOME A MEMBER

Help the CF Foundation fund critical new therapies for cystic fibrosis. Become a Milestones Club member today.

YOU CAN JOIN BY:

Making a commitment to the *Milestones II* campaign, payable over five years, at one of the following levels:

DISCOVERY LEVEL – \$50,000

(\$10,000/year for five years)
