Gala

The 60th Anniversary Gala

The 60th Anniversary Breath of Life Gala ● November 19, 2015 ● Cipriani
The 60th Anniversary Gala will be a particularly special evening as we celebrate the tremendous accomplishments that CFF has made over the last six decades, and recognize our own visionary leader, Dr. Robert J. Beall with the Breath of Life Award. Join us for what's sure to be a memorable night!

Great Strides is the CF Foundation’s largest fundraising event. It provides opportunities for all people within a local community to get involved forming teams with friends, family and colleagues. Walk day is a fun celebration that includes a 5k community walk and festivities that participants look forward to year after year.

June 7—Putnam
June 7—Staten Island
June 7—Poughkeepsie
June 7—Nassau

Important Note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection. Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function.

To further help reduce the risk of cross-infection, the Foundation’s attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times.

Become a member of Partners in Progress, the CF Foundation’s annual fund, with donations up to $10,000 and help fund lifesaving research and medical programs for people with CF.

Other Ways to Participate

Scientific Update
September 30, 2015
Credit Suisse

Join us for an exciting evening as Dr. Skach, Vice President of Research Affairs, explains the latest advances in CF research and new approaches to address the underlying cause of the disease.
