ENDURANCE EVENTS

CF Cycle for Life is the Cystic Fibrosis Foundation's premiere cycling event. Each year, thousands of cyclists gather in dozens of cities across the country to take part in this exciting effort to raise funds and awareness for cystic fibrosis.

For more information and to register for the ride visit: <http://sc.cff.org/cycle>

September 30
Wesley Memorial United Methodist Church
Hollywood, SC

Join us September 30th for our 8th annual CF Cycle for Life ride in the Lowcountry. Each year, more than 100 cyclists from all over South Carolina come together to ride "the road less traveled" in support of finding a cure for cystic fibrosis. This event is for all riders from beginners to advanced who are looking for a unique cycling experience.

Important Note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection. Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times
